

HOW TO POETRY CAFE:

1. Think about the snack you want to share. It must come ready to serve, with napkins, and any other necessary utensils. Drinks are optional. It can be homemade, just try to keep serious nuts out of it. The healthier the better!!
2. At least two weeks before your date, find a poem you want to share. Practice reading the poem alone, read the poem aloud now, in front of a wall, in front of a mirror, to an adult, or an especially kind animal. Be sure you are able to read it fluently.
3. Bring a marked up copy of the poem to post. With all of the information provided, be sure you can elaborate on a minimum of seven elements.
4. Be sure you give us a brief background on the author. We need to understand the context of the writing.
